ABOUT ASCENTIS

Ascentis was originally established in 1975 as OCNW, a co-operative scheme between Universities and Colleges of Further Education. Ascentis was the first 'Open College' in the UK and served the needs of its members for over 34 years. Throughout this period, OCNW grew yet maintained its independence in order that it could continue to respond to the requirements of its customers and provide a consistently high standard of service to all centres across the country and in recent years to its increasing cohorts of overseas learners.

In 2009 OCNW became Ascentis - a company limited by guarantee and a registered educational charity.

Ascentis is distinctive and unusual in that it is both:

- **An Awarding Organisation** regulated by the Office of Qualifications and Examinations Regulation (Ofqual)

And

- **An Access Validating Agency (AVA)** for 'Access to HE Programmes' licensed by the Quality Assurance Agency for Higher Education (QAA).

Ascentis is therefore able to offer a comprehensive ladder of opportunities to centres and their students, including Foundation Learning, vocational programmes and progressing to QAA recognised Access to HE qualifications. The flexible and adult-friendly ethos of Ascentis has resulted in centres throughout the UK choosing to run its qualifications.

LEVEL 2 AWARD IN DEVELOPING THERAPEUTIC SKILLS AND LEVEL 3 CERTIFICATE IN APPLIED THERAPEUTIC SKILLS

Introduction

The Ascentis Award in Developing Therapeutic Skills at Level 2 is aimed at individuals who have little or no prior knowledge or experience of applying therapeutic skills, providing them with an understanding of personality, basic needs, the main therapeutic approaches and safe working practices.

Level 3 Certificate in Applied Therapeutic Skills' main purpose is to support your professional competence in supporting vulnerable children, young people and adults to bring about social, emotional and behavioural changes, so that they can maximise their individual potential.

Aims

The aims of the qualification are to enable learners to increase their knowledge, deepen their understanding and further develop their skills in working with young people in relation to their emotional health and well-being.

Target Group

The Ascentis Award in Developing Therapeutic Skills at Level 2 is aimed at individuals aged 19+ who have little or no prior knowledge or experience of applying therapeutic skills.

This qualification is designed to provide health, social care, education and youth work professionals with an introduction to therapeutic skills. Learners will understand the purpose of therapy and explore basic principles of therapeutic skills in order to further develop their skills to working with their clients in relation to their emotional health and well-being.

The Ascentis Level 3 Certificate in Applied Therapeutic Skills is suitable for individuals who work with vulnerable people and want to better understand psychotherapy and counselling relevant to the job role, but do not wish to train as therapeutic clinicians. E.g. care workers, social workers, appropriate adults, foster carers and other professionals likely to come into contact with vulnerable people.

Ofqual Qualification Number:

L2: 601/8326/3

L3: 601/7554/0

Rules of Combination

Ascentis Level 2 Award in Developing Therapeutic Skills

Learners must achieve 6 credits from Mandatory Group A

Unit Group A (Mandatory):

Title	Level	Credit Value	GLH	Unit ref
Introduction to Therapeutic Skills	Level 2	6	16	Y/507/9565

Ascentis Level 3 Certificate in Applied Therapeutic Skills

Learners must achieve a total of 13 credits from the units below, they should take all mandatory units and can add an option unit

Unit Group A (Mandatory): Learners require 13 credits from this unit group.

Title	Level	Credit Value	GLH	Unit ref
Creating a Secure Therapeutic Alliance	Level 3	2	4	F/507/7664
Relational Listening Skills	Level 3	4	12	H/507/7656
Understanding Shame	Level 3	2	4	K/507/7660
Therapeutic Problem Solving Techniques	Level 3	3	8	T/507/7659
Attachment Theory in Practice	Level 3	2	4	T/507/7662
Unit Group B (Optional)				
Safeguarding in health and social care	Level 3	2	4	Y/507/7654

Unit certification is available for all units.

Recommended Guided Learning Hours

The recommended guided learning hours for Level 2 Award in Developing Therapeutic Skills is 60 and the Level 3 Certificate in Applied Therapeutic Skills is 44.

Total Qualification Time

The total qualification time for Level 2 Award in Introduction Therapeutic Skills is 60 and the Level 3 Certificate in Applied Therapeutic Skills is 130.

Time Limit for the Process of Credit Accumulation and Exemptions

Credit accumulation is usually within the life span of the qualification. Exemptions may have been achieved previous to the qualification start date; each case will be considered separately.

Recommended Prior Knowledge, Attainment and/or Experience

There is no prior knowledge required for this qualification.

Age Range of Qualification

This qualification is suitable for learners aged 19+

Opportunities for Progression

Learners could also progress to a range of higher level qualifications in counselling, health and social care or therapeutic skills.

Mapping/Relationship to National Occupational Standards

This qualification is not mapped to National Occupational Standards.

Resources to support the Delivery of the Qualification

No resources have been produced to support the delivery of this qualification.

Centre Recognition

This qualification can only be offered by centres recognised by Ascentis and approved to run this qualification. Details of the centre recognition and qualification approval process are available from the Ascentis office (tel. 01524 845046) or from the website at www.ascentis.co.uk.

Qualification Approval

If your centre is already a recognised centre, you will need to complete and submit a qualification approval form to deliver this qualification. Details of the qualification approval process are available from the Ascentis office (tel. 01524 845046) or from the website at www.ascentis.co.uk.

Registration

All learners must normally be registered with Ascentis within seven weeks of commencement of a course via the Ascentis electronic registration portal.

Status in England, Wales and Northern Ireland

This qualification is available in England, Wales and Northern Ireland. It is only offered in English. If a centre based overseas (including Scotland) would like to offer this qualification, they should make an enquiry to Ascentis.

Reasonable Adjustments and Special Considerations

In the development of this qualification Ascentis has made every attempt to ensure that there are no unnecessary barriers to achievement. For learners with particular requirements reasonable adjustments may be made in order that they can have fair assessment and demonstrate attainment. There are also arrangements for special consideration for any learner suffering illness, injury or indisposition. Full details of the reasonable adjustments and special considerations are available from the Resources/Key Documents area of the Ascentis website www.ascentis.co.uk or through contacting the Ascentis office.

Enquiries and Appeals Procedure

Ascentis has an appeals procedure in accordance with the regulatory arrangements in the Ofqual *General Conditions of Recognition*¹. Full details of this procedure, including how to make an application, are available from the Resources/Key Documents area of the Ascentis website www.ascentis.co.uk or through contacting the Ascentis office.

¹ The Scottish Qualifications Authority (SQA) have developed some high level principles that cover the same requirements as the Ofqual Conditions. These are the SQA Accreditation Regulatory Principles (2011).

ASSESSMENT AND VERIFICATION ARRANGEMENTS

Assessment

All units are internally assessed through the learner building up a portfolio of evidence that covers the relevant assessment criteria, internally assessed and verified by the centre and then externally verified by Ascentis.

On completion of the learners' evidence for either the individual units or the qualification, the assessor is required to complete the Summary Record of Achievement for each learner. The Summary Record of Achievement asks assessors and the internal verifier to confirm that the rules of combination have been followed. This is particularly important in cases where a learner has taken units at different levels. The Summary Record of Achievement form is provided in Appendix 1.

Centres are required to retain all evidence from all learners for external verification and for 4 weeks afterwards should any appeal be made.

Internal Assessment

Evidence for each unit is through building up a portfolio of evidence to demonstrate that all the assessment criteria within the unit have been achieved. The evidence will be assessed by the assessor at the centre, who may or may not be the tutor teaching the course.

Portfolios of evidence should include a variety of evidence to demonstrate that the assessment criteria for each unit have been met. Examples of evidence that could be included are:

- Observation record
- Questions and discussions
- Photographs
- Video
- Worksheets
- Tape recordings
- Self-assessments
- Workbook activities
- Final multiple choice tests.

If the learner fails to meet the assessment criteria on the first attempt at an activity they may redraft the work following feedback given by the tutor. However tutors must not correct the work of the learner, and all feedback given by the tutor must be included within the learner's evidence.

Learners' portfolio work should include a tracking sheet to show where the evidence for each assessment criterion is to be found. Some activities could produce evidence for more than one unit, which is acceptable as long as there is clear reference to this on the tracking sheet. Examples of tracking sheets are found in Appendix 2.

Verification

Internal Verification

Internal verification is the process of ensuring that everyone who assesses a particular unit in a centre is assessing to the same standards i.e. consistently and reliably. Internal verification activities will include: ensuring any stimulus or materials used for the purposes of assessment are fit for purpose; sampling assessments; standardisation of assessment decisions; standardisation of internal verification decisions. Internal Verifiers are also responsible for supporting assessors by providing constructive advice and guidance in relation to the qualification delivered.

Further information is available from the Resources/Key Documents section of the Ascentis website www.ascentis.co.uk

External Verification

Recognised centres will be visited in accordance with a verification model that is considered most appropriate for the provision. More frequent verifications can be requested from the Ascentis Quality Assurance team, for which there is usually an additional charge. External verification will usually focus on the following areas:

- A review of the centres management of the regulated provision
- The levels of resources to support the delivery of the qualification, including both physical resources and staffing
- Ensuring the centre is using appropriate assessment methods and making appropriate assessment decisions according to Ascentis' requirements
- Ensuring the centre has appropriate internal quality assurance arrangements as outlined within the relevant qualification specification
- Checking that the centre is using appropriate administrative arrangements to support the function of delivery and assessment

External Verifiers will usually do this through discussion with the centre management team; assessment and Internal Quality Assurance staff; verifying a sample of learners' evidence; talking to learners, reviewing relevant centre documentation and systems.

Knowledge, Understanding and Skills required of Assessors and Internal Verifiers

Assessors and those delivering these qualifications should be knowledgeable and competent within the areas in which they are making assessment decisions/delivering these qualifications.

Centres are responsible for ensuring that all staff involved in the delivery of the qualification are appropriately qualified. Ascentis will not be held responsible for any issues that relate to centre staffing which could impact on the successful delivery, assessment and internal quality assurance of our qualifications.

Those delivering the qualification should preferably hold or be working towards a recognised teaching qualification. Assessors must be able to make appropriate assessment decisions. Internal Quality Assurers need to have knowledge and experience of the internal quality assurance processes.

Centres are required to ensure that appropriate training and support is in place for staff involved in the delivery, assessment and internal verification of Ascentis qualifications.

Ascentis offers free support for centres. Further information on the support that is available can be found on Quartz Web or the Ascentis website.

UNIT SPECIFICATIONS

Unit Title: Introduction to Therapeutic Skills
Unit Reference Number: Y/507/9565

Credit Value of Unit: 6

GLH of Unit: 16

Level of Unit: 2

Learning Outcomes	Assessment Criteria
The learner will:	The learner can:
1. Understand the wider therapeutic framework	1.1 Explain the purpose of therapy
	1.2 Outline the differences between the role of psychiatrists, psychologists, psychotherapists & counsellors
	1.3 Describe the key differences between two therapeutic models
	1.4 Describe three ethical points to consider when working therapeutically
2. Explore basic therapeutic skills	2.1 Explain each of the core conditions
	2.2 Identify ways to communicate empathy
	2.3 Demonstrate active listening skills
3. Understand how identity and personality are formed	3.1 Describe key factors that influence the formation of identity
	3.2 Describe stages of psychosocial development
	3.3 Explain introjection
	3.4 Identify two of your own introjects and how you may have attained them
4. Recognise the importance of self-regulation to manage distress	4.1 Identify the two components needed for self-regulation
	4.2 Demonstrate two self-regulation techniques
	4.3 Explain what happens in the brain when regulation occurs
