Ofqual Start Date:	01/05/2008
Ofqual Review Date:	31/07/2021
Ofqual Certification Review Date:	31/07/2022

Qualification Overview

The Ascentis Entry Level Certificate in Skills for Employment in the Construction Industries (Entry 3) provides the learner with an excellent initiation into the world of construction in order to enable them to decide whether this is a sector within which they feel they wish to choose to work in the future. The qualification also promotes the development of wider employment skills, emphasising the importance of appropriate conduct and dress within a work area, customer service, customer care and safe working practice.

There are several features of this qualification that make it very appropriate for its target learners:

- Assessment is through a combination of portfolio and external assessment
- It is eligible for use within the Foundation Learning Progression pathways
- There is an emphasis on the learner acquiring practical skills and assessment through the demonstration of these skills
- Moderation and certification can be offered throughout the year, allowing maximum flexibility for centres.

Aims

The aims of the qualification are to enable learners:

- 1 To encourage the development of generic employability skills
- 2 To promote the gaining of work-related skills within construction
- 3 To prepare learners for further training within construction

Target Group

This qualification is aimed at young people aged 14+ and adults who have an interest in following a career within the construction industry and want to explore whether this career pathway would be appropriate for them.

Regulation Codes

Ofqual Qualification Number: 500/4068/6

Assessment Method

For the full certificate a minimum of 24 credits must be achieved. The first four units listed on the next page are assessed by internal assessment through building up of a portfolio of evidence to cover all the assessment criteria. The final unit listed (Carrying Out Operations) is assessed through the completion of a practical task carried out under supervised conditions.

Rule of Combination

Learners must achieve all 24 credits.
