

Ascentis **Level 1 Award** in **Preparation for Wood Operations** **Rule of Combination**

Ofqual Number:	600/6560/6
Ofqual Start Date:	01/09/2012
Ofqual Review Date:	31/07/2021
Ofqual Certification Review Date:	31/07/2022

Qualification Overview

The Ascentis Level 1 Award in Preparation for Wood Operations provides the learner with an excellent introduction to this occupational area within the construction industry, and will help learners make decisions on whether to progress with further training and employment within the industry. The learner will be given the opportunity to understand the construction industry and the organisations and the job roles within it, along with the terms, conditions and benefits of these job roles.

There are several features of this qualification that make it very appropriate for its target learners:

- Assessment is through a combination of portfolio and external assessment
- External assessments are contextualised to allow the qualification to meet the particular interest of the learner
- There is an emphasis on the learner acquiring practical skills and assessment through the demonstration of these skills
- Verification and certification can be offered throughout the year, allowing maximum flexibility for centres

Aims

The aims of the qualification are to enable learners:

- 1 To promote the gaining of practical skills within the construction industry
- 2 To prepare learners for further training within their chosen occupational area
- 3 To give learners an insight into the core activities within wood operations, in order that an informed decision can be made on future career choices

Target Group

This qualification is aimed at a range of learners, including:

- Young people aged 14+ and adults who have an interest in following a career within the construction industry and want to develop their work-related skills within this area

Regulation Codes

Ofqual Qualification Number: 600/6560/6

Assessment Method

The unit Introduction to Construction Work is internally assessed through the learner building up a portfolio of evidence that covers the relevant assessment criteria. It is internally assessed and verified by the centre and then externally verified by Ascentis. The unit Carrying Out Wood Operations is assessed through external assessment.

Rule of Combination

Learners must achieve all 8 credits.
