Qualification Overview

This qualification has been designed to help learners develop the essential and transferable knowledge and skills required in order to progress primarily to Level 3 qualifications in the science and technology sector.

Aims

The aims of the qualification are to enable learners:

- 1 To improve their learning, skills and knowledge of applied sciences and technology
- 2 To gain a basic foundation in applied science and technology prior to undertaking a more in-depth course such as an Access Diploma

Target Group

This qualification is aimed at learners who:

- Are interested in a career in applied science and technology and are not yet ready to access a level 3 qualification or Apprenticeship
- Need a broad introduction to the sector
- Need a qualification to improve their learning, skills and knowledge of applied sciences and technology that can be studied alongside Level 2 maths and/or English (if necessary)
