31/07/2025

Ofqual Certification Review Date:

31/07/2026

Qualification Overview

The Ascentis Level 1 Award and Certificate in Introduction to Animal Care and Garden Horticulture qualifications offer learners the opportunity to acquire knowledge and understanding that underpin skills in the principles of animal care and garden horticulture. There are a wide range of pathway to choose, giving the flexibility to develop individual routes tailored to specific interests and desired outcomes. These qualifications provide links between education and employment through the development of academic, practical and personal skills in work-related situations.

There are several features of these qualifications that make them very appropriate for their target learners:

- Unit certification is available for each of the units
- Verification and certification can be offered throughout the year, allowing maximum flexibility for centres
- They can be delivered either as classroom-based courses or as a blended learning programme
- Evidence can be generated within a wide range of organisational contexts, allowing the qualification to meet the specific occupational requirements of the learners

Aims

The aims of the qualifications are to enable learners:

- 1 To gain skills, knowledge and understanding of the principles of animal care and garden horticulture
- 2 To provide the opportunity to progress to further education or employment in animal care or garden horticulture
- 3 To develop personal and employment skills in a wide range of contexts
- 4 To gain experience in a variety of specialist areas

Target Group

These qualifications are aimed at young learners and adults who are interested in further study or employment in the animal care and/or garden horticulture industries.

Regulation Codes

Ofqual Regulation Numbers:

Ascentis Level 1 Award in Introduction to Animal Care and Garden Horticulture: 603/5971/7

Ascentis Level 1 Certificate in Introduction to Animal Care and Garden Horticulture: 603/5972/9

Assessment Method

All units are internally assessed through the learner building up a portfolio of evidence that covers the relevant assessment criteria, internally assessed and verified by the centre and then externally verified by Ascentis.

On completion of the learners' evidence for either the individual units or the Level 1 Award or Certificate, the assessor is required to complete the Summary Record of Achievement for each learner. The Summary Record of Achievement asks assessors and the internal verifier to confirm that the rules of combination have been followed. This is particularly important in cases where a learner has taken units at different levels. The Summary Record of Achievement form is provided in Appendix 1.

Centres are required to retain all evidence from all learners for external verification and for four weeks afterwards in case any appeal is made..

Rule of Combination

Rationale for the Rules of Combination

To achieve the Award and Certificate in Introduction to Animal Care and Garden Horticulture the learner must obtain a minimum of 7 credits for the Award and 21 credits for the Certificate. A minimum of 51% of credits must be taken at the level of the qualification

Ascentis Level 1 Award and Certificate in Introduction to Animal Care and Garden Horticulture				
Learners must achieve a minimum of 7 credits to achieve the Award and a minimum of 21 credits to achieve the Certificate. Learners must achieve the Mandatory units. The remaining credits can be taken from Group B.
