

Ascentis **Level 1 Diploma** in **Skills for Employment in the Construction Industries** **Rule of Combination**

Ofqual Number:	600/3387/3
Ofqual Start Date:	01/10/2011
Ofqual Review Date:	31/07/2021
Ofqual Certification Review Date:	31/07/2022

Qualification Overview

The Ascentis Level 1 Diploma in Skills for Employment in the Construction Industries provides the learner with an excellent introduction to the occupational areas within the construction industry. This will enable learners to make informed decisions on whether to progress with further training and employment within these areas. The qualification also promotes the development of wider employment skills, emphasising the importance of appropriate conduct and dress within a work area, customer service, customer care and safe working practice.

There are several features of this qualification that make it very appropriate for its target learners:

- Assessment is through a combination of portfolio and external assessment
- External assessments are contextualised in a wide range of occupational areas, allowing the qualification to meet the particular interest of the learner
- There is an emphasis on the learner acquiring practical skills and assessment through the demonstration of these skills
- There is opportunity to sample different occupational areas within the construction industry
- Verification and certification can be offered throughout the year, allowing maximum flexibility for centres

Aims

The aims of the qualification are to enable learners:

- 1 To promote the gaining of work-related skills within the construction industries
- 2 To encourage the development of generic employability skills
- 3 To prepare learners for further training within their chosen occupational area/s
- 4 To give learners an insight into the core activities within their chosen occupational area/s, in order that an informed decision can be made on future career choices

Target Group

This qualification is aimed at young people aged 14+ and adults who have an interest in following a career within the construction industry and want to develop their work-related skills within this area.

Regulation Codes

Ofqual Qualification Number: 600/3387/3

Assessment Method

Mandatory units are internally assessed through the learner building up a portfolio of evidence that covers the relevant assessment criteria. They are internally assessed and verified by the centre and then externally verified by Ascentis. Optional units are assessed through external assessment.

Rule of Combination

To achieve the Level 1 Diploma in Skills for Employment in the Construction Industries learners must achieve a minimum of 38 credits, with 20 credits from Group A and the remaining 18 from Group B.

Rationale for the Rules of Combination

Learners interested in employment in the construction industries will benefit from the mandatory units of Group A. The choice of optional units in Group B allows learners to pick three or more practical areas they are interested in.

Ascentis Level 1 Diploma in Skills for Employment in the Construction Industries
