

Springing ahead with our new hybrid learning for Access to HE

Why Choose Ascentis Access to Higher Education?

The Ascentis Access to Higher Education Diploma is a nationally recognised Level 3 qualification, licensed by QAA and widely accepted by Higher Education Institutions across the UK. As one of the largest and longest-standing Access Validating Agencies in the country, Ascentis has been at the forefront of Access to HE since its inception in 1975. With 50 years of expertise, we work with centres nationwide to deliver over 30 diploma titles to more than 6,000 learners each year—empowering individuals to achieve their goals and transform their futures through education.

Flexible Solutions for Your Access to HE Provision

If you are looking to deliver a hybrid model, Ascentis has the solution to support your delivery:

- **Learner Management System:** Purpose-built in collaboration with centres, Spring supports blended learning models and face-to-face learning.
- **Learner Materials:** Developed by industry experts, our interactive and engaging content is available for 128 units, ensuring a high-quality learning experience.
- **Progress Tracking & Cohort Management:** Learners can easily track their progress, while tutors can manage cohorts efficiently from one central platform.
- **Streamlined EV Process:** External verification is completed directly through the platform, saving time and reducing administrative overhead.
- **All-in-One Delivery:** Our digital solution brings everything together in one place, making it easier for staff and learners to stay organised and on track.
- **Tutor Support:** Comprehensive training, guidance and in-person assistance to ensure confident and effective delivery.
- **Custom Diploma Development:** We can work with you to create bespoke diploma structures and resources tailored to your learners' needs.
