

Ascentis Level 1 and 2 Award in Environmental Sustainability Specification

Ofqual Number	Level 1 501/0419/6 Level 2 501/0420/2
Level 1	
Ofqual Start Date	01/07/2010
Ofqual Review Date	31/07/2027
Ofqual Certification Review Date	31/07/2028
Level 2	
Ofqual Start Date	01/07/2010
Ofqual Review Date	31/07/2026
Ofqual Certification Review Date	31/07/2027

ABOUT ASCENTIS

Ascentis was originally established in 1975 as OCNW, a co-operative scheme between Universities and Colleges of Further Education. Ascentis was the first 'Open College' in the UK and served the needs of its members for over 34 years. Throughout this period, OCNW grew yet maintained its independence in order that it could continue to respond to the requirements of its customers and provide a consistently high standard of service to all centres across the country and in recent years, to its increasing cohorts of overseas learners.

In 2009 OCNW became Ascentis - a company limited by guarantee and a registered educational charity.

Ascentis is distinctive and unusual in that it is both:

- **an Awarding Organisation** regulated by the Office of Qualifications and Examinations Regulation (Ofqual, England), Council for the Curriculum, Examinations and Assessment (CCEA, Northern Ireland) and Qualifications Wales

and

- **an Access Validating Agency (AVA)** for 'Access to HE Programmes' licensed by the Quality Assurance Agency for Higher Education (QAA).

Ascentis is therefore able to offer a comprehensive ladder of opportunities to centres and their students, including Foundation Learning, vocational programmes and progressing to QAA recognised Access to HE qualifications. The flexible and adult-friendly ethos of Ascentis has resulted in centres throughout the UK choosing to run its qualifications.

UNIT SPECIFICATIONS

Level 1 Environmental Sustainability	9
Level 2 Environmental Sustainability	10

Award of the Qualification

Learners must complete one unit for the Ascentis Level 1 and 2 Award in Environmental Sustainability.

Ascentis Level 1 and Level 2 Award in Environmental Sustainability				
Title	Level	Credit Value	TQT	Unit Reference
Environmental Sustainability	1	2	21	L/602/1107
Environmental Sustainability	2	2	21	Y/602/1059

Guided Learning Hours (GLH)

The recommended guided learning hours for the Level 1 and Level 2 Award in Environmental Sustainability is 20.

Total Qualification Time (TQT)

The total qualification time for the Level 1 and Level 2 Award in Environmental Sustainability is 21.

Recommended Prior Knowledge, Attainment and/or Experience

No recommended prior learning or experience is required.

Age Range of Qualification

This qualification is suitable for young people aged 14-19 and adult learners.

Opportunities for Progression

The qualification gives the learner an introduction to Environmental Sustainability which can be applied in a wide variety of contexts. Learners may use the qualification as a stand-alone course or as part of a longer vocational or academic programme of study. Learners may also use the qualification as an element of their continuing professional development.

Resources to Support the Delivery of the Qualification

There are interactive online resources and a Tutor Guidance document available to support these qualifications. The Tutor Guidance document includes indicative content, sample questions and a glossary of terms to give learners that will support them with technical vocabulary.

Centre Recognition

This qualification can only be offered by centres recognised by Ascentis and approved to run this qualification. Details of the centre recognition and qualification approval process are available from the Ascentis office (tel. 01524 845046) or from the website at www.ascentis.co.uk.

Qualification Approval

If your centre is already a recognised centre, you will need to complete and submit a qualification approval form to deliver this qualification. Details of the qualification approval process are available from the Ascentis office (tel. 01524 845046) or from the website at www.ascentis.co.uk.

Registration

All learners should be registered within 5 working days of the intended e-Assessment date. Registration is via the Ascentis electronic registration portal. Please refer to our Reasonable Adjustment policy for requesting paper-based assessments.

e-Assessment Re-sits

Learners can re-sit the assessment if they do not achieve a pass however should have sufficient time for additional learning.

Classroom-based Assessments

For classroom-based assessments a total of 2 re-sits are permitted, these are free of charge.

e-Invigilated-based Assessments

For e-Invigilated-based assessments a total of 2 re-sits are permitted, there will be a charge for the use of the software for both re-sits per assessment.

Status in England, Wales and Northern Ireland

These qualifications are available in England and Northern Ireland. They are only offered in English. If you wish to deliver it in any other nation, please contact development@ascentis.co.uk

Reasonable Adjustments and Special Considerations

In the development of this qualification Ascentis has made every attempt to ensure that there are no unnecessary barriers to achievement. For learners with particular requirements reasonable adjustments may be made in order that they can have fair assessment and demonstrate attainment. There are also arrangements for special consideration for any learner suffering illness, injury or indisposition. Full details of the reasonable adjustments and special considerations are available from the login area of the Ascentis website www.ascentis.co.uk or through contacting the Ascentis office.

Enquiries and Appeals Procedure

Ascentis has an appeals procedure in accordance with the regulatory arrangements in the Ofqual *General Conditions of Recognition*. Full details of this procedure, including how to make an application, are available from the login area of the Ascentis website www.ascentis.co.uk or through contacting the Ascentis office.

Useful Links

Web links and other resources featured in this specification are suggestions only to support the delivery of this qualification and should be implemented at the centre's discretion. The hyperlinks provided were live at the time this specification was last reviewed. Please kindly notify Ascentis if you find a link that is no longer active.

Please note: Ascentis is not responsible for the content of third-party websites and, whilst we check external links regularly, the owners of these sites may remove or amend these documents or web pages at any time.

ASSESSMENT AND VERIFICATION ARRANGEMENTS

Overview

To gain the Level 1 or Level 2 Award in Environmental Sustainability all learning outcomes and assessment criteria within the unit must be successfully achieved. The full Award consists of one unit.

External Assessment

This qualification is assessed through the completion of an Ascentis devised multiple-choice test that is carried out at the completion of the course.

The grading of this qualification is pass or fail.

The Use of Artificial Intelligence (AI) in Assessments

There are potential risks associated with the use of AI in assessments, such as the possibility of bias and the potential for cheating.

Centres are expected to detect and monitor the use of AI tools in assessments. Centres must be satisfied that the work provided is that of the learner. All learners must be aware that they are responsible for ensuring they are not cheating in assessments by using AI tools. All learners must cite the use of AI in their assessments where this is allowed

Conduct of Assessment

The assessment is through a 40-minute e-Assessment consisting of 20 multiple-choice questions.

Full details of candidate, Examinations Officer and invigilator instructions are available from the login area of the Ascentis website www.ascentis.co.uk or through contacting the Ascentis office.

Please refer to the [Installing SecureClient document](#) to ensure that your organisation meets the system requirements.

Note: Dictionaries cannot be used during the assessment.

Quality Assurance Arrangements

As part of ongoing quality assurance arrangements, Ascentis will carry out quality visits to recognised centres using a risk-based approach. The focus of quality visits will normally be

- Review of resources; both physical and staffing
- Observation of assessment practice

Further details will be provided prior to a visit taking place.

Ascentis reserve the right to carry out inspections of assessments taking place without prior notice.

The delivery of the knowledge required within this qualification should be carried out by qualified teachers or those working towards a teaching qualification. Delivery staff should also have a theoretical understanding of environmental sustainability.

Results

Classroom-based Assessments

For classroom-based assessments provisional results are provided immediately after the e-Assessment. An hour after the e-Assessment the achievement list report can be run through the Ascentis electronic portal. Learner result slips and certificates will be issued within 10 working days of the e-Assessment.

e-Invigilated-based Assessments

For e-Invigilation-based assessments that have satisfied exam requirements, the confirmation of results and e-Certificates will be available in the Ascentis electronic portal within 5 working days. For any results that require further scrutiny due to potential breach of exam requirements, results will be released once reviewed by the Ascentis Quality Assurance Team. Learner results slips and certificates will be issued within 10 working days of the e-Assessment.

Ascentis will normally process results and issue certificates within 4 weeks of the verification date for paper-based assessments taken as a reasonable adjustment.

Knowledge, Understanding and Skills required of Assessors and Internal Verifiers

Centres must ensure that those delivering Ascentis qualifications are occupationally knowledgeable and competent within the relevant subject area.

Centres are responsible for ensuring that all staff involved in the delivery of the qualification are appropriately qualified. Ascentis will not be held responsible for any issues that relate to centre staffing which could impact on the successful delivery of our qualifications and invigilation of assessments.

Those delivering the qualification should hold or be working towards a recognised teaching qualification. Centres are required to ensure that appropriate training and support is in place for staff involved in the delivery and invigilation of Ascentis qualifications.

Ascentis offers free support for centres. Further information on the support that is available can be found on the Ascentis electronic portal or the Ascentis website.

UNIT SPECIFICATIONS

Unit Title - Environmental Sustainability (Level 1)

Unit Code - L/602/1107

Credit Value of Unit: 2

GLH of Unit: 20

Level of Unit: 1

Introduction

This unit introduces key issues in sustainability, raising the learner's awareness of the topic as well as their role in helping to make sustainable choices.

Learning Outcomes	Assessment Criteria
The learner will be able to	The learner can
1 Know the basic concepts of sustainability	1.1 Identify the three strands of sustainable development
	1.2 Define excess consumption and identify the problems this can cause
	1.3 Identify ways that individuals impact on the environment
2 Know the importance of natural resources	2.1 Identify natural resources and explain why they are important
	2.2 Identify the sustainability issues related to natural resources
3 Know about the global environmental impacts of agriculture and industry and how they might be reduced	3.1 Identify how goods and services are created
	3.2 Identify impacts of waste and how they might be reduced
	3.3 Identify impacts of energy usage and how they might be reduced
	3.4 Identify impacts of water usage and how they might be reduced
	3.5 Identify impacts of transport usage and how they might be reduced
4 Know the benefit of sustainable communities	4.1 Identify what is meant by a sustainable community
	4.2 Identify the local and global benefits of sustainable communities

UNIT SPECIFICATIONS

Unit Title - Environmental Sustainability (Level 2)

Unit Code - Y/602/1059

Credit Value of Unit: 2

GLH of Unit: 20

Level of Unit: 2

Introduction

This unit introduces key issues in sustainability, raising the learner's awareness of the topic as well as their role in helping to make sustainable choices.

Learning Outcomes		Assessment Criteria	
The learner will be able to		The learner can	
1	Understand the basic concepts of sustainability	1.1	Define the three strands of sustainable development
		1.2	Define excess consumption and the '3 planet lifestyle'
		1.3	Define 'eco-footprint'
		1.4	Describe the problems caused by non-sustainable lifestyles
		1.5	Describe ways that individuals impact on the environment
2	Understand the importance of natural resources	2.1	Describe natural resources and explain why they are important
		2.2	Describe the sustainability issues related to natural resources
3	Understand the global environmental impacts of agriculture and industry and how they might be reduced	3.1	Explain how goods and services are created and the difference between manufacturing, agriculture and service industries
		3.2	Describe impacts of waste and how they might be reduced
		3.3	Describe impacts of energy usage and how they might be reduced
		3.4	Describe impacts of water usage and how they might be reduced
		3.5	Describe impacts of transport usage and how they might be reduced
4	Understand the benefit of sustainable communities	4.1	Explain what is meant by a sustainable community
		4.2	Identify the needs of a sustainable community
		4.3	Describe the local and global benefits of sustainable communities
