

Springing ahead with our new hybrid learning for Access to HE

Why Choose Ascentis Access to Higher Education?

The Ascentis Access to Higher Education Diploma is a nationally recognised Level 3 qualification, licensed by QAA and widely accepted by Higher Education Institutions across the UK. As one of the largest and longest-standing Access Validating Agencies in the country, Ascentis has been at the forefront of Access to HE since its inception in 1975. With 50 years of expertise, we work with centres nationwide to deliver over 30 Diploma titles to more than 6,000 learners each year—empowering individuals to achieve their goals and transform their futures through education.

Flexible Solutions for Your Access to HE Provision

If you are looking to deliver a hybrid model, Ascentis has the solution to support your delivery:

- Purpose-built learner management system: Developed in collaboration with centres, supporting blended and face-to-face delivery
- Comprehensive learner materials: Units developed by industry experts, available across a wide range of Diploma subjects, ensuring an engaging, high quality learning experience.
- Progress tracking and cohort management: Learners can monitor their own progress, while tutors can manage cohorts from one central, all-in-one platform.
- Streamlined external verification (EV): EV processes can be completed directly within the platform, reducing administration and saving time.
- Integrated AI and plagiarism reporting: Built-in tools support academic integrity and maintain quality standards.
- Dedicated tutor support and training: Practical guidance on platform use, engaging and supporting online learners, evidencing teaching and learning and maximising learner success, with ongoing training and in-person assistance.
